RETRIEVAL OF SOC BY CIA - Plans [redacted]  
29 June 1965 - Memo for DD/S&T by John McMahon and [redacted]  
set forth plans for transferring SOC back to Langley.

Principal problem, aside from the decision to do so,  
is that of space at Langley.

Basis of such a transfer is that it is a DCI/USIB  
function and the DCI would like to see it moved from  
the Pentagon.
